

<b>Semester II</b>		
RMH 2201	Research Methods	4
TOU 2203	Computer Applications in Tourism	4
TOU 2204	Tourism Analysis	4
TOU 2208	Tourism Professional Ethics	4
TOU 2209	Culture Tourism	4
TOU 2210	Protected and Conservation Areas Management	4
TOU 2211	Human Resource Management	4
<b>Year III: Semester I</b>		
TOU 3101	Tourism Economics and Policy	4
TOU 3102	Tourism Planning and Development in East Africa	4
TOU 3103	Tourism Marketing Systems	4
TOU 3106	Public Policy and Administration	4
TOU 3107	Advanced Language Studies	4
TOU 3108	Recreation Facilities Management	4
TOU 3109	Operation Systems Management	4
TOU 3110	Interior Design and Decorations	4
<b>Semester II</b>		
TOU 3201	Introduction to Computer Use in Tourism	4
TOU 3202	Tourism Communication and Technology	4
TOU 3203	Personnel Management and Organization	4
TOU 3204	Project Planning and Management	4
TOU 3206	Tourism Operation Management	4
TOU 3211	International Relations	2
GEO 3208	Dissertation (Research Project)	

**NOTE:** Students will take six core courses three in each semester including participating in a supervised field attachment and a written report is expected from the place of attachment. The supervision reports will constitute the course work and the final report, the rest of the paper. They are also expected to complete the write-up of their project. Students also take two core courses from the minor subject (SW per semester).

## BACHELOR OF URBAN PLANNING (BUP)

### Objectives

- (i) The main objective of the course is National Capacity building by providing Professional planners for our expanding and changing Urban areas.
- (ii) Strengthening our urban local authorities with staff who can handle issues of the growing towns and are capable of forecasting future development demands and problems.
- (iii) Introducing a professional component in the regular Arts subjects so that our graduates become more competitive in the job market.
- (iv) Offering an opportunity to practicing urban planners who are holders of Certificates and Diplomas to acquire the necessary skills to improve on their performance.

### Programme Structure

#### Curriculum

The curriculum for the Bachelor of Urban Planning degree programme shall extend over three academic years. In the first year of study, all courses are core. During the second and third year, students will take three core courses and two electives per semester. During the vacation at the end of second year, students will spend at least three weeks participating in a field course and research away from the University (the field report will constitute the course work and the final project dissertation will constitute the rest of the paper).

<b>Year 1: Semester 1</b>		
Course Code	Course	CU
URP 1101	Introduction to Physical Planning	4
URP 1102	Historical Dev. of Urban Planning	4
URP 1103	Analysis of Topographic Maps	4
URP 1104	Introduction to Regional Planning	4
CSK 1103	Communication Skills	4

GEO 1104	Introductory Economics	4
<b>Semester II</b>		
URP 1201	Planning Philosophy and Theory	4
URP 1202	Urban Analysis Techniques	4
URP 1203	Community Health	4
URP 1204	Urbanization and the Environment	4
URP 1205	Sociology of Physical Planning	4
URP 1206	Introduction to Computer Applications	4
URP 1207	Soil Science	
<b>Year II: Semester I (Core Courses)</b>		
URP 2101	Planning Law	
URP 2103	Urban Governance and Management	4
URP 2108	Quantitative Techniques in Physical Planning	4
URP 2109	Traffic and Transportation Planning	4
URP 2110	Gender and Vulnerable Groups Issues in Physical Planning	4
URP 2111	Human Settlements Analysis	
URP 2112	Project Planning and Management	
URP 2113	Economics of Physical Planning	
<b>Electives Courses</b>		
URP 2111	Human Settlements Analysis	4
URP 2112	Project Planning and Management	4
<b>Semester II</b>		
Course Code	Course	CU
RHM 2201	Research Methods	4
URP 2201	Urban Design Theory	4
URP 2205	Inner City Development	
URP 2206	Building Science	
URP 2207	Planning for Industrial Development.	
URP 2208	Interpretation of Image Data	5
URP 2209	Physical Planning Studio	4

GEO 2210	Principles of Geographical Information Systems (GIS)	4
<b>Electives</b>		
URP 2205	Inner City Development	4
URP 2206	Building Science	4
URP 2207	Planning for Industrial Development	4
<b>Year III Semester I Core Courses</b>		
URP 3101	Basic Surveying	4
URP 3102	Urban Housing	4
URP 3103	Traffic and Transport Planning	4
URP 3204	Air Photo Interpretation	4
<b>Electives</b>		
URP 3105	Computer Aided Planning and Design	4
URP 3207	Gender and Urban Development	4
<b>Semester II Core Courses</b>		
URP 3201	Urbanization and the Environment	4
URP 3202	Planning Practice and Ethics	4
URP 3203	Planning for Vulnerable Groups	4
URP 3204	Urbanization and Pollution Control	
URP 3205	Environmental Planning and Management	
URP 3206	Politics of Planning	
URP 3207	Planning for Industrial Development	
GEO 3208	Research Project (Dissertation)	4
<b>Electives</b>		
URP 3204	Urbanization and Pollution Control	4
URP 3205	Environmental Planning and Management	4
URP 3206	Politics of Planning	4
URP 3207	Planning for Industrial Development	4

Total CU for Year Three from Urban Planning = 44
