	Total	56

MASTER OF ARTS IN ECONOMIC POLICY MANAGEMENT (MEPM)

The objective of the programme

The program aims at training individuals to be well-rounded economic policy advisors, who will contribute to the management capacity of government ministries, central banks, parastatals and non-governmental organizations. Specifically, the program has the following objectives:

- (i) To provide high level training, focusing on both the theoretical and practical aspects of economic policy management;

- (ii) To train policy advisors in macroeconomic management for developing countries.
