MASTERS IN HOSPITALITY AND TOURISM MANAGEMENT (MHTM)

Aim and Objectives

The aim of the Masters in Hospitality and Tourism Management is to provide intellectual and professional development, and to develop the understanding of hospitality and tourism business practice and public sector hospitality and tourism issues from multiple perspectives. This programme aims at providing students with a firm theoretical understanding of major conceptual and applied issues in respect to hospitality and tourism management. Students should be aware of contemporary debates and current research in hospitality and tourism field.

Students will develop ability and skills to think critically about the relationship between hospitality and tourism and development as well as the policies which facilitate or regulate hospitality and tourism. Advanced research methods training is provided so that it can be applied in a variety of hospitality and tourism related environment.
