MASTER OF ARTS IN SOCIAL SECTOR PLANNING AND MANAGEMENT

General Objective

The programme is intended to produce highly-trained competent administrators, researchers, policy analysts and programme managers in the social development sector with a view to enhancing human development within the overall context of strategic national development drives.

Specific Objectives

1. To provide opportunities for advanced educational and professional training in social sector planning and management.
2. To impart skills, knowledge, values and experiences that are critical for the planning and management of social development.
3. To promote scholarly inquiry into human conditions, problems and needs on one hand, and policies, programmes and services on the other hand for the purpose of enhancing the social and economic well-being of the ordinary population.
4. To encourage interaction and consultations among social development scholars, practitioners, local communities

and agencies that seek to promote social policies, programmes and human welfare.

5. To promote capacity building in the department of Social Work and Social Administration.

Programme Structure

This shall be a full-time study programme and it runs on a semester system for two (2) years (4 semesters) organised as follows:

Year I

Semester I

Two compulsory courses, plus two optional courses are to be taken either from the Social Work concentration or the Social Administration concentration.

SSP 8119	Research and Dissertation	4

MASTER OF ARTS DEGREE IN RURAL DEVELOPMENT (MA RD)

Objectives

- To provide students with multi-disciplinary knowledge and skills training, focusing on both theoretical and practical aspects of rural development.
- To prepare students for planning and implementation of rural and community-based development programmes.
- To build capacity of students to work in decentralised governments.
- To produce students who will facilitate the socio-economic transformation of rural areas (particularly in Uganda).
- To strengthen the capacity of the Department and the Faculty in policy analysis, development planning and management through teaching and research for rural development.
- To network with academia and actors working on issues pertaining to 'Third World' development.

Admission Requirements

- Applicants will be expected to have obtained a first class or good Second

Class (Honours) degree or its equivalent in any relevant discipline from a recognised University.

- Applicants who have a Pass degree but have demonstrated academic and/or relevant professional growth may also be admitted.

Type of Degree

The programme of study is by coursework and scientific research paper. Teaching will be through lectures and seminars. Assessment will be by essays, tests, seminar papers, examination and the scientific research paper.

Duration of the Programme

The duration of the programme will be two academic years divided into four semesters.

Core Courses Year 1 Semester One and Two		CU
MRD 7101	Rural Development Theories and Approaches	4
SOC 7104	Research Methods	4
